

The background features a complex network of thin, light gray lines and dots, primarily concentrated on the left side, forming a web-like structure. Scattered across the entire background are numerous triangles of various sizes and orientations, some outlined in a slightly darker gray than the background. In the top right corner, there is a sparse collection of small, faint dots.

Portfolio

Surendra Sapkale

Purpose of the Portfolio

As a part of assessment for Coder Academy

Platform to show my technical skills & expertise

To increase my accessibility to potential clients,
employers & recruiters

To create my Identity in IT's virtual world

A decorative geometric pattern consisting of interconnected lines and dots, resembling a network or a stylized molecular structure, located in the bottom right corner of the slide.

PLANNING

**Brainstorming on
layout**

**Set-up Time
Scheduled**

**Done the
wireframe**

```
▼ PORTFOLIO [WSL: UBUNTU-18.04]
  ▼ docs
    > wireframes
    📄 sample_cv.pdf
  > PPT
  ▼ src
    ▼ css
      # about.css
      # blog.css
      # contact.css
      # font-awesome.min.css
      # style.css
    > img
    <> about.html
    <> blog.html
    <> contact.html
    <> index.html
  ⓘ README.md
```

started coding.

Trial & error

Finally deployed

Features

Professional look and feel

Ability to view and download the resume

Showcase my technical skill & expertise

Option to send email

A decorative geometric pattern consisting of interconnected lines and dots, resembling a network or a stylized map, located in the bottom right corner of the slide.

Challenges

Styling every element of HTML & CSS

Was confuse to choose color combination

Major challenge was to make this website responsive

Had issues with Initial file structure for deployment

A decorative geometric pattern consisting of interconnected lines and dots, resembling a network or a stylized web, located in the bottom right corner of the slide.

Build & Deployment

Used github for my
source repository

Used netlify to deploy
the website by
integrating the github
repository

Favourite Parts

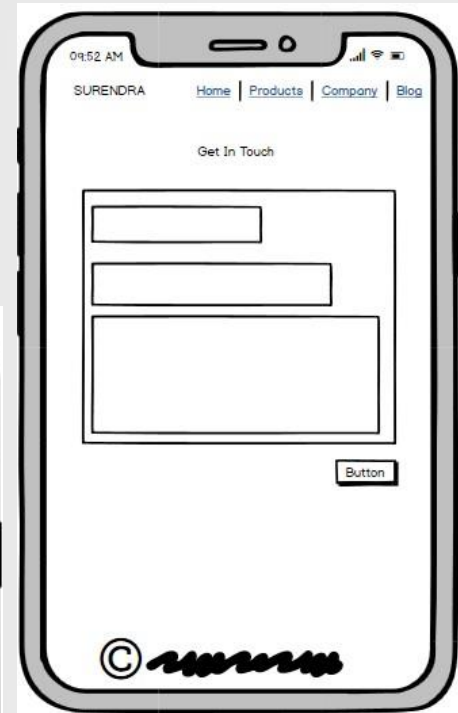

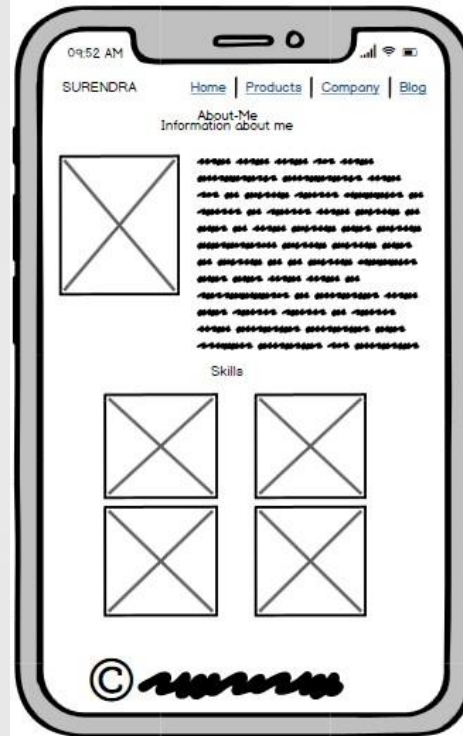

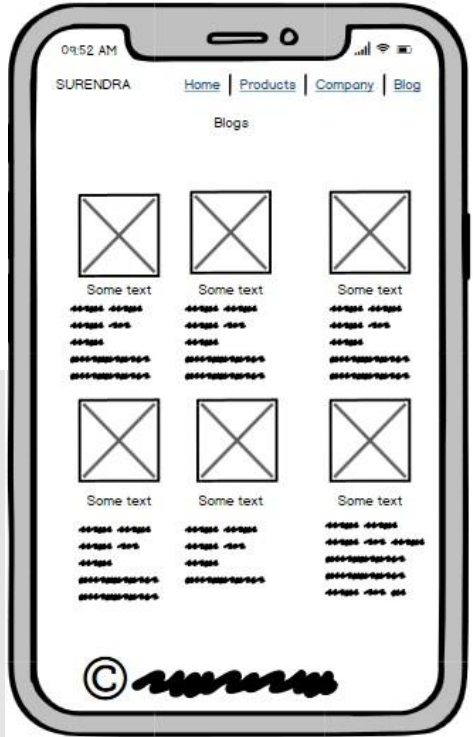

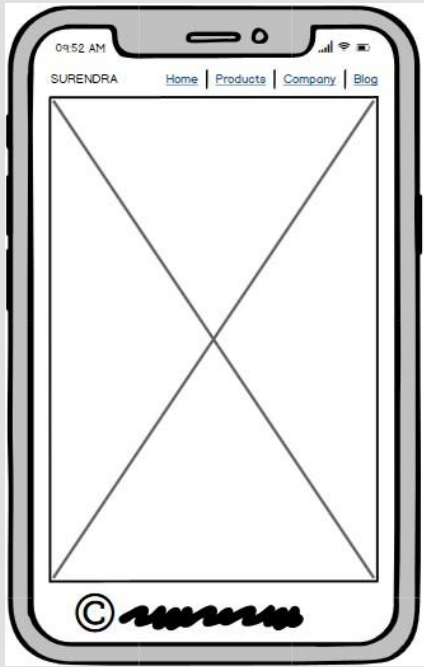

Hovering few essential
buttons

Making my blog post
with every elements

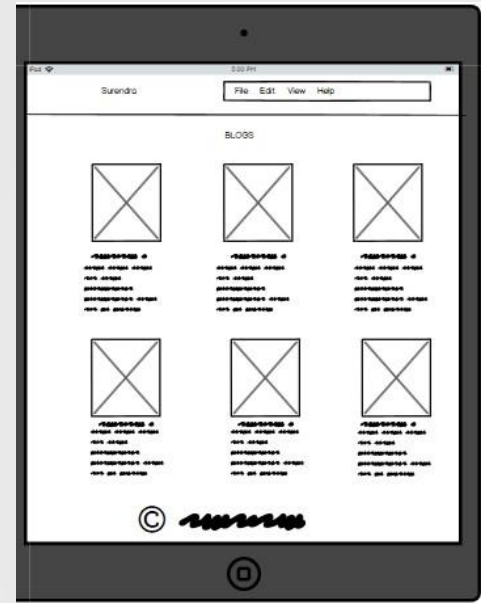

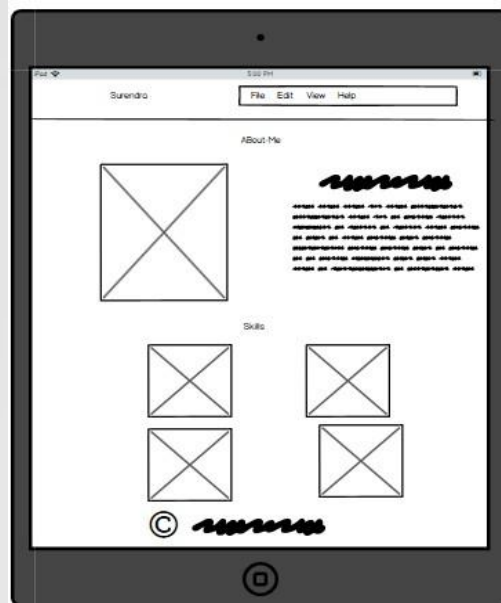

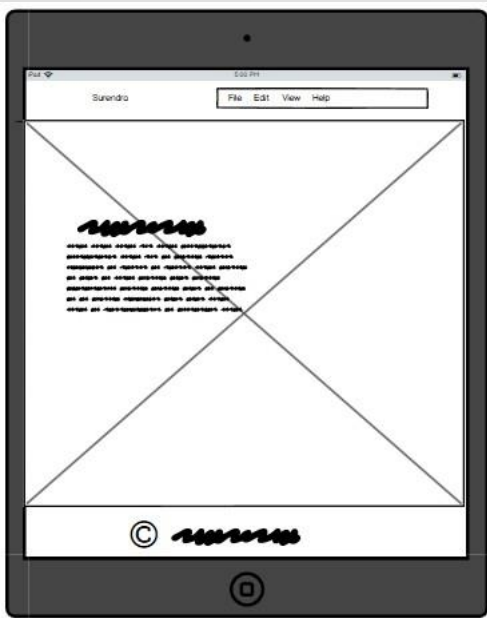

At last satisfied to see
completed website on
netlify.
